TO THE WHOLESALE SEEDMEN OF THE UNITED STATES:

Seeds catalogued by us as "grown in Georgia" attain their best development in Georgia, and should be bought afresh here each year. We are prepared to stock the wholesale United States Seedmen with same at lowest prices and the best types. State quantity when you write.

of Georgia and South Carolina, and elsewhere. If you sell seeds in papers that are sent out on commission, we urge you for your reputation's sake and your customers' good, that you discard same. The seed are not burnt that you return, but are sent back and forth for years till sold. The various State experimental stations have many times warned the people against these seed as being untrue to type and faulty in germination. The different habitats of the various seeds do not allow any seedman in the United States to grow but a small portion of this seed stock. Our seed are grown for us by careful growers throughout the United States (not Europe,) wherever the best development of the individual seed is attained. We are prepared to compete with any United Stares markets on seeds in paper or in bulk.

We select our stocks with greatest care, and pay liberal prices. We feel justified in saying that all our seeds are the freshest and best to be found, but, at the same time, it must be distinctly understood that we sell no seeds with warranty expressed or implied in any respect, and will not be in any way responsible for the crop. If our seed are not accepted on these terms, return them at once and we will refund money.

DIRECTIONS FOR ORDERING SEEDS.

RETAIL MAIL ORDERS.—Send Cash With Orders.—Seeds sent only to amount of remittance. We open no accounts. Remit in cash by express money order, registered letter (at your risk) or in postage stamps. No C. O. D. orders sent unless money accompanies order for an amount sufficient to cover express charges both ways. Always state whether to ship your goods by postage or express, and do not forget to enclose the postage or express charges.

POSTAGE
AND EXPRESS.

POSTAGE (always to be prepaid by us) to any point in the United States or Cuba or Porto Rico is on a 1-lb package, 10c; 2-lb package, 18c; 3-lb package, 25c; 4-lb package, 35c. By SOUTHERN EXPRESS Company in United States, on 1½-lb or less package, 10c; 2-lb package, 14c; 3-lb package, 18c; 4-lb package 26c.

makes no difference by above cheap, easy transportation. We can do your SEED BUSINESS for you if you are 10 miles or 1000 miles away—it's all the same. BEST ADAPTED TO OUR SOUTHERN STATES.

Ga. Asparagus.

GIANT ARGENTEUIL: PALMETTO: FRENCH SEED. 1 pound, 40 cents; 5 pounds, 30 cents pound.

CHARLESTON FRENCH, OR PAL-METTO ROOTS -- Roots bear transportation to any part of United States. Shipments made February and March-

(Culture.-Prepare in spring or fall, bed five feet wide, two feet deep, fill in manure and soil. Make three rows and set out roots six inches below surface and twelve inches in row. Every autumn dress with manure and salt after tops are cut. Bed should last twelve years. 100 roots set bed ten feet by fortv feet.)

There is no finer vegetable than Asparagus. A most profitable market crop about Augusta 100 roots, \$1.00; 1,000 roots, \$4.00; 5,000 to 10,000 at \$3.00 per 1,000. We have special arrangements for large amounts.

GIANT ARGENTEUIL ASPARAGUS -Saveral growers off Charleston, S. C.,

had a monopoly of this Asparagus for three or four years and have been getting high prices for products as compared with Palmette. This Asparagus sold in New York in 1900 at \$6 to \$24 per dozen bunches. It is more prolific, longer lived, nearly double Palmetto's size. The finest Asparagus today in the United States. One week earlier than Palmetto. Roots, \$4.00 in 1,000 lots and \$3 in 5,000 lots.

Beans-Bush, Snap or Dwarf.

For all Beans when sent by mail, add for postase; Half-pint, 5 cents; pint, 10 cents: quart, 15 cents.

(Culture .- Beans can be sown for succession from end of February, or sooner, until September. Bear till frost. Drop several beans every two or three_ EXTRA EARLY REFUGEE OR 1,000 inches, in rows thirty inches apart. Cover two inches deep. Don't work

while dew is on beans for fear of rust. One quart sows a 100 feet row, 1 1-4 bushels, one acre.)

- IMPROVED ROUND POD EXTRA EARLY RED VALENTINE-This is one of the best; earlier than the old Early Red Valentine. The vine is dwarf, the pods are smooth, round, stringless and very thickly set, remaining green and tender a long time after they are fit to pull. Vines very uniform, making little or no top growth, and producing enormously. Two papers for 5 cents; pint, 15 cents: quart, 25 cents; peck, \$1.65.

BURPEE'S STRINGLESS GREEN POD .- Of all green podded bush beans this variety is decidedly the Earliest and Best; it is the only stringless green pod bush bean in cultivation, and surpasses all others in crisp and tender flavor. The straight, long, green, thick pods are all absolutely stringless and of a beautiful fleshy appearance. Packets, 10 cents; pint, 20 cents: quart/ 30 cents: peck. \$1.75.

VEARLY YELLOW SIX WEEKS. Hardy and very early; green pod; resembles Mohawk save in color; a leading sort. Papers, 2 for 5 cents; pints, 15 cents; quart, 25 cents; peck, \$1.50.

VEARLY MOHAWK SIX WEEKS-Our hardiest bean; will stand some frost. Preferred for early planting. Long, green, flat pods, Papers, 2 for 5 cents; pints, 15 cents; quart, 25 cents; peck \$1.50.

WARF GERMAN BLACK WAX. An old variety, and a great favorite with market gardeners and others Tender, yellow wax pods. Papers, 2 for cents; pint, 20 cents; quart, 35 cents; peck, \$1.75.

TO 1.-A 7-weeks' bean, medium to late, large vines, favorite for canning and pickling, productive, round pod, good main crop. 1 pint, 15 cents; quart, 25 cents.

- HENDERSON BUSH LIMA.—The best Bush Lima. Pint, 25 cents; quart, 40 cents.

Beans-Pole.

(Culture.—Plant in hills four feet apart each way, four or five beans to a hill; plant the eye down. One quart plants 150 hills; half bushel, one acre.) Sow Pole Beans later than Dwarf and leave three plants to hill. Dwarf Beans ready for table 1 1-2 to 2 months. Lima 3 months; Pole, 3 2-3 months.)

LARGE WHITE LIMA—Either green or dry this is the standard table vegetable, and the best shell bean known. Give it rich ground and plenty of room. Half-pint, 15 cents; pint, 25 cents; quart, 40 cents.

Southern bean. Stands the Southern heat. Continues bearer until frost. Pods seven inches long and fiat; seeds dark yellow. Standard in this latitude. Favorite way to plant in the South is in damp low lands, among corn, and let the vines grow up the corn stalks. Papers, 2 for 5 cents; pint, 20 cents; quart, 36 cents.

SMALL LIMA OR CAROLINA SE-WEE—Similar in every way to Large Lima, except that it is only half as large, seeds and pods being smaller. Largely grown in the South, and is immensely popular. Half-pint, 15 cents; pint, 20 cents; quart, 35 cents.

TALL BLACK GERMAN WAX—Yellow pods. Bears richly flavored, stringless pods of the same good quality as Dwarf German Wax. Papers, 2 for 5 cents; pint, 20 cents; quart, 30 cents.

KENTUCKY WONDER—This is the earliest of all the green podded Pole Beans. Enormously productive, bearing its pods in clusters. The pods are long, crisp, tender and bright green in color. A very prolific variety, and one of the best in our list. Pkt. 10 cents: pint, 20 cents; quart, 30 cents.

Beets.

(Culture:—One ounce plants 100 feet; four pounds, one acre. Soak seed twelve hours before planting. Can be sown

pretty much all spring and summer. Sow one inch deep, in drills eighteen inches apart, thin out to eight inches in drill.)

EARLY ECLIPSE—The handsomest of the very early beets. Globe shaped, fine dark red color, rapid grower, small tops, purplish green foliage and red veins. Papers, 5 cents; ounce, 10 cents; 4 ounces, 15 cents; pound, 40 cents.

EARLY DARK BLOOD TURNIP.— Trifle later than Eclipse. Flesh deep blood red, tender and fine flavored. The most generally used family beet. Papers, 2 for 5 cents; ounce, 10 cents; 4 ounces, 15 cents; pound, 40 cents.

EXTRA EARLY OR BASSANO—As early as Eclipse. Flesh pink with white streaks. Very juicy. Packet, 5 cents; ounce, 10 cents; 4 ounces, 15 cents; pound, 40 cents.

VIMPROVED LONG SMOOTH BLOOD RED—Medium late. Often used for late summer planting and winter use. Papers, 2 for 5 cents; ounce, 10 cents; 4 ounces, 15 cents; pound, 40 cents.

HALF LONG BLOOD RED—Similar to Long Blood, but differs in size—being half long. Papers, 2 for 5 cents; ounce, 10 cents; 4 ounces, 15 cents; pound, 40 cents.

SILESIAN SUGAR WHITE—A sweet white beet, preferred by some. Papers, 2 for 5 cents; ounce, 10 cents; 4 ounces, 15 cents; pound, 40 cents.

Beets for Stock or Mangel Wurzel.

(Culture.—In Europe this is one of the necessary crops for cattle—500 to 600 bushels being grown to an acre. Sow five pounds to acre. Sow in rows two feet apart and thin out to twelve inches in row.)

NORBITAN GIANT—We have tried to get in this, the largest stock beet that grows. A long red variety of great size. Flesh-solid; a good keeper. Ounce, 10 cents; 4 ounces, 15 cents; pound, 40 cents; 5 pounds, \$1.50.

Cabbages.

Possibly cabbages are the most universally grown of all vegetables for home consumption or shipping. The most critical truckers and gardeners will find our cabbage seed for heading qualities unexcelled.

The whole line of our cabbages are grown for us on Long Island by the best known and most reliable cabbage seed growers in the United States. There are no better cabbage seed in the world than those we offer.

(Culture—One ounce makes 2,000 plants or 150 feet row; five ounces will plant an acre. Sow in beds almost any month in the year, usually from February to November. For winter crop sow in August and September, early varieties. For late cabbage sow late sorts March, April and May, for June, July and August setting. Transplant deep, up to first leaf, in deep rich soil, and water plants well. Set out two to three feet in row; row thirty inches apart. Ready for use in 100 to 160 days.

EARLY JERSEY WAKEFIELD—Early and a well known favorite. Heads are conical shaped. Possibly the principal variety that is grown by truckers for early shipment, and by gardeners in general. Quantities of this cabbage grow off Charleston of twenty-two pounds weight, all solid heads. Papers, 2 for 5 cents; ounce, 15 cents; 4 ounces, 56 cents; pound, \$1.50.

GEORGIA TRUCKER—(Early.) For market gardener or planter; one of the best; large size; handsome color; fine flavor; does not run to seed; largely used by South Carolina sea coast shippers. I ounce, 15 cents; 4 ounces, 50 cents; I pound, \$1.50.

HENDERSON SUCCESSION—Second early. Valuable horticultural contribution; safe for the amateur to plant, as it does equally well at all seasons; no matter when planted. 1 ounce, 15 cents; 4 ounces, 50 cents; 1 pound, \$1.50.

VIMPROVED EARLY DRUMHEAD.—An intermediate kind between the cone shaped early and late varieties. Can be planted closely. Takes its name from its shape. Papers, 2 for 5 cents; ounce, 15 cents; 4 ounces, 50 cents; pound, \$1.50.

WILLET'S ALL-SEASONS SURE HEADER—One of the finest for second early or for late growing. Grows quickly to a large size and heads surely. It is a true, sure, hard-header. Its name is an index of its character. Papers, 2 for 5 cents; ounce, 15 cents; 4 ounces, 50 cents; pound, \$1.50.

IMPROVED EARLY FLAT DUTCH
—Not so early as the very earlier, and
not so heavy as some, but very salable
because of its flat shape; very extensively planted. Weighs from ten to
twelve pounds. Papers, 2 for 5 cents;
ounce, 15 cents; 4 ounces, 50 cents;
pound, \$1.50.

BUNCOMBE, OR N. C. WINTER—A firm, solid header and keeps well. A favorite in North Carolina. Either a spring or winter cabbage. Papers, 2 for 5 cents; ounce, 15 cents; 4 ounces, 50 cents; pound, \$1.50.

EARLY WINNINGSTADT—A Prussian cabbage; a standard cone shaped solid head, second early variety. Papers, 2 for 5 cents; ounce, 15 cents; 4 ounces, 50 cents; pound, \$1.59.

GREEN GLAZED—For late sowing. Glossy green leaves. Not so liable to insect attacks, and especially adapted for hot climates. Papers, 2 for 5 cents; ounce, 15 cents; 4 ounces, 55 cents; pound, \$2.00

EARLY LARGE YORK—For very early sowing. An old English variety. Heads small and slightly heart shaped; rather dwarf. Can be planted closely—eight inches in row. Papers, 2 for 5 cents; ounce, 15 cents; 4 ounces, 50 cents; pound, \$1.50.

PREMIUM LATE DRUMHEAD—Sow in September. Very hardy and withstands cold. Large round heads. though sometimes flattened on top. Well known. Papers, 2 for 5 cents: ounce, 15 cents; 4 ounces, 50 cents: pound, \$1.50.

PREMIUM LATE FLAT DUTCH— The old favorite for fall and winter sowing. Grows low to ground; heads large, bluish green in color; broad and flat on top. Papers, 2 for 5 cents; ounce, 15 cents; 4 ounces, 50 cents; pound \$1.50.

Early Cabbage Plants.

We offer only in large amounts and direct from our grower on Sea Islands, near Charleston, (who grows 150 acres. in cabbages,) Cabbage plants of Charleston Wakefield, (large type.) Extra E. Wakefield, Winningstadt, Early Spring, Early Trucker, Succession. Delivery, December, January, February and March. \$1.50 per 1,000 in 1,000 to 5,000 lots; \$1.25 in 5,000 to 10,000 lots. All to be shipped direct from grower by express.

Carrots,

(Culture.—One ounce will plant a 100 feet row; three pounds an acre. Soil must be fertile, deeply dug and light or sand. Soak seed well. Sow in drills. Press soil down. Thin to four inches so plants can be worked. Can be used in 70 to 120 days.)

VIMPROVED LONG ORANGE—Roots long and deep orange color. Papers, 2 for 5 cents; ounce, 10 cents; 4 ounces, 20 cents; pound, 50 cents.

Carrots For Stock.

(Culture.—Sow three pounds to the acre. These roots are often fifteen inches in circumfere...ce. Greatly enjoyed by stock and gives fine color to butter.)

VICTORIA, YELLOW—The largest, heaviest cropping and most nutritious yellow variety in cultivation. Easily gathered as the roots grow largely above the ground. 4 ounces, 15 cents; pound, 40 cents; 5 pounds, \$1.75.

Celery.

(Culture.—One ounce makes 4,000 plants, 100 feet drill. Four ounces to an acre. Grown here with profit extensively for market. Sow in April, May and June, also in August and September. Transplant when six inches high in three feet rows, six inches in row. When tall enough they should be covered with earth to bleach. Ready for use in 140 to 175 days.)

improved White Plume—Very early. White foliage. Needs but little banking. Not a winter variety. Packets, 5 cents; ounce, 20 cents.

Georgia Collards.

Georgia rown seed. United States seedmen supplied.)

Georgia grows the Collard seed for the United States; and the United States come each year to Georgia for her Collard seed. We are the largest Collard

seed contractors in the South. Write us, stating quantity. Collards grow three to four feet high. Branch out widely and thickly. Leaves are cut and boiled as greens. New leaves taking place of old ones cut. Plants stand cold—leaves are more tender and sweet after frost. Every farmer's garden in Georgia grows Collards. Thousands of the negro garden patches grow nothing but Collards.

(Culture.—An ounce will produce about 2,000 plants, 150 feet row. Sow in spring or summer as directed for cabbage, either in beds, to transplant when large enough, or in rows where intended to stand. Several feet each way ought to be given the plants. Sixteen ounces to the acre.)

GEORGIA BLUE STEM COLLARD

The old-fashioned kind, known for a hundred years or more. The type of these have become run down and mixed. We have had our stock grown for us from an improved type. Papers, 2 for 5 cents; ounce, 10 cents; 4 ounces, 35 cents; pound, 90 cents.

GEORGIA WHITE CABBAGE COL-LARD—Whiter and more tender than the Blue Stem. Introduced nine years or more ago. Three-fourths of them bunch or head up in winter. Paper, 2 for 5 cents; ounce, 10 cents; 4 cunces. 35 cents; pound, 90 cents.

Corn-Table and Sugar.

Plant March and April or later for succession, through July. 1 quart, 200 hills; 3-4 to 1 peck per acre.

GARDEN, SWEET TABLE—Adams' Early Mammoth Sugar, Stowell Ever green. All of above papers, 2 for 5 cents; pint, 15 cents; quart, 25 cents; peck, \$1.00. Postage is 10 cents pint, and 15 cents quart.

Cucumbers.

(Culture.—One ounce for eighty hills, 11-4 pounds, one acre. Plant after frost half-inch deep, and thereafter every two or three weeks for succession, in well manured hills, six feet apart. Thin to four plants in hill. Ready for use in 50 to 75 days.

Very early, of attractive form and size, very prolific, and especially valuable for market gardeners because of these

qualities. Particularly good for pickling. Papers, 2 for 5 cents; ounce, 10 cents; 4 ounces, 25c.

EARLY FRAME OR SHORT GREEN

-Excellent for table and pickling. Fruit
straight, handsome, smaller at each
end, bright green; flesh tender; crisp;
makes fine pickles. Papers, 2 for 5
cents; bulk price same as Long Green.

IMPROVED EARLY WHITE SPINE

—A well known standard variety. One
of the best for the table; tender, crisp,
uniform, straight, dark green with few
white spines Papers, 2 for 5 cents;
bulk price same as Long Green.

Egg Plant.

The Egg Plant is peculiarly well adapted to our Southern climate, and should be in every garden. It makes a most delicious dish.

(Culture.—One ounce to 100-yard row; four ounces to one acre of 3,000 to 4,000 plants. Start seed in hotbeds or boxes in February or March. Set out plants early in warm weather, in rows two by three feet apart.)

NEW YORK IMPROVED PURPLE —Deep lustrous purple. Standard. Packet, 10 cents; ounce, about 1,000 plants, 25 cents.

PEARL WHITE—(Seed grown and riginated in Georgia.) Can supply the trade. A large, new, creamy white, delicately flavored Egg Plant. Preferred above the others. Packet, 10 cents; ounce, 25 cents.

Kale.

(Culture.—One ounce for 2,000 plants; three pounds to one acre. For winter greens sow from August to October, in drills two feet apart. Thin out to eight inches in row, and cultivate as cabbase.)

WARF GREEN CURLED—Most tender and delicate of all the cabbage family. Improved by frost. The leaves look-like an immense feather. Papers, 2 for 5 cents; ounce, 10 cents; 4 ounces, 30 cents.

Lettuce.

(Culture.—One ounce for 200-feet drill; 1,500 plants. Sow in beds almost any menth in the year. Reset plants ten inches apart in rows. Force to rapid growth if wanted tender; two crops from one season under glass or frame.)

DEACON CABBAGE—Has large, solid head. Cabbage Lettuce for summer use. Papers, 2 for 5 cents; ounce, 15 cents; 4 ounces, 40 cents.

BIG BOSTON.—Among the Southern truckers this is more largely grown than any other for shipping. Preferred on account of its great size and solidity. Packet, 5 cents; ounce, 15 cents; 1-4 pound, 40 cents.

Melon-Cantaloupe.

(Culture.—Make hills 4 by 6 ft.; plant one dozen seed to each hill after frost. Thin to four plants. Pinch back vines. One ounce seed for 50 hills; two pounds for one acre. Ripe in 100 days. Sandy loam best.)

The NIXON—Georgia grown seed. United States seedmen supplied. Originated in this county, and drove out every other cantaloupe for home and market use. Weighs eight to twelve pounds. Flesh crisp and sweet. Rough skin. Good shipper. Deep ribbed: rind and flesh yellow. Ounce, 10 cents; 4 ounces, 25 cents; pound, 75 cents.

ROCKYFORD CANTALOUPE—The most famous melon today in the United States. We get our seed grown for us at Rockyford, Colorado, where we have largest contracts. Melon is small, sweet and can be eaten to the rind. Distinctive flavor; prolific. 1 ounce, 10 cents, 4 ounces, 25 cents, 1 pound, 75 cents. Special prices to heavy growers.

NETTED NUTMEG—Shaped like a numeg. Highly scented. Long and well known. Papers, 2 for 5 cents; ounce, 10 cents; 4 ounces, 25 cents; pound, 75 cents.

Mustard.

(Georgia grown se d. United States seedmen supplied.)

(Culture.—One ounce to 100 feet. Sow in fall, winter or spring, in rows or shallow drills. Press earth well down-Ready for use in 5 or 6 weeks. 1 ounce, 100 feet; 3 to 5 pounds an acre).

STRICH PLUME MUSTARD— (Seed grown in Georgia. United States seedmen supplied.) Most beautiful mustard extant. Originated in Augusta, Ga. It is being introduced by us to seed trade of United States. Many of them are putting in novelty lists. Plumes are tender, very long and finely crimped. Pretty as an ornamental plant. Look like ostrich plumes. Plant large—often 5 or 6 pounds. The most perfect mustard. Sold only in bulk. Ounce, 10 cents; 4 ounces, 30 cents; pound, 75 cents.

SOUTHERN GIANT CURLED— (These seed grown in Georgia United States seed trade supplied.) Hard and large leaf. Papers, 2 for 5 cents; ounce, 10 cents; 4 ounces, 25 cents; pound, 60 cents.

Ga. Okra.

These seed are grown in Georgia. We can supply the United States seed trade. Large amounts dealt in—spot or contract.

(Culture.—One ounce to fifty-feet drill; ten pounds to one acre. Sow late in spring in drills two feet apart, and leave one plant to every fifteen inches. Cover one inch deep. Use in 90 days.)

LONG GREEN—Pods are dark green and stalks tall. Papers, 2 for 5 cents; 2 ounces, 10 cents; 4 ounces, 15 cents; pound, 40 cents.

NEW DWARF GREEN PROLIFIC— Early and will bear till frost. Papers, 5 cents; 2 ounces, 10 cents; 4 ounces, 15 cents; pound 40 cents.

NEW WHITE VELVET—Tender white pods. Pods round and smooth. A distinct variety. Papers, 2 for 5 cents; 2 ounces, 10 cents; 4 ounces, 15 cents; pound, 40 cents.

Onion Seed.

Farmers' Bulletin No. 39, Agricultural Department, Washington, D. C., will give culture in detail.

(Culture.—One ounce to 100-feet row; four pounds to the acre. For onlons sow in February, March, September or October in rich sandy soil, in drills one to three feet apart. Thin when up to five or six inches. Cover seed half-inch in planting, or sow in hotbeds in winter, and transplant in spring. They grow off quickly. Ready in 100 to 110 days.

MAMMOTH SILVER KING—Italian. One of the largest; often twenty inches in circumference and four pounds in weight. Flattened in shape and is silver white. Packet, 10 cents; ounce, 20 cents; 4 ounces, 60 cents; pound, \$1.50.

AUSTRALIAN BROWN-Deep rich

brown; egg shaped. These dug in spring and kept in sheds will keep in summer and not rot. A most valuable onion for the South, where onions once dug rot so early. 1 ounce, 15 cents; 4 ounces, 50 cents, 1 pound, \$1.25.

BERMUDA VARIETIES—They are of a mild and delicate flavor and keep longer than any foreign variety. Like the Italian varieties, it produces full-grown onions from seed the same season. In the South seed sown in ugust or September will produce fine, large onions for market in early spring. Red Bermuda; packet, 10 cents; ounce, 20 cents; 1-4 pound, 65 cents; pound, \$1.75. White Bermuda, packet, 10 cents; ounce, 20 cents; 1-4 pound, 65 cents; pound, \$1.75.

- WHITE PEARL ONION—Earliest of all. Pearly white, waxy and transparent. Form flat and broad, flavor very mild. Rapid growth and fine quality. 1 ounce, 20 cents: 1 pound, \$2.50.

Onion Sets—(32 Lbs. 1 bushel)

We are the largest dealers in Onion Sets. Merchants in Augusta's territory can get the lowest wholesale quotations by writing. On retail mail orders, add 10 cents quart for postage.

(Culture.—One quart to 40 feet drill; 8 to 10 bushels to acre. Sow early in spring or September or October, four inches in row, 1-2 inch deep—rows twelve to fifteen inches apart.

WHITE SILVER SKIN - Quart, 15 cents; peck, 90 cents.

DANVERS YELLOW-Quart, 15 cents; peck, 85 cents.

WHITE MULTIPLIER—(Grown in Georgia. We are heavy contract dealers. The United States seed trade supplied.) Grown like potatoes in a hill. Yield enormously; productive. Mild. Quart, 15 cents; peck, 85 cents.

YELLOW MULTIPLYING SHALLOT—(Grown in Georgia. The United States seed trade supplied.—Plant in September or October. By March or April each Shallot has grown into a bunch of forty to sixty Shallots. The tops and bottoms together are eaten. When tops die down in May or June, dig and store in dry place. Use as seasoning during the summer. Plant remainder in fall. Quart, 15 cents; peck, 75 cents.

PEARL ONIONS—Delicate. Come off earliest of all Ready for market in January. Not good keepers 1 quart, 25 cents; 5 quarts, \$1.00.

Parsley.

(Culture.—One ounce to 100 feet. Soak seed. Sow in spring to fall. Thin out in, drills to four inches apart.)

VCHAMPION MOSS CURLED—Bright green. Beautiful variety. Papers, 2 for 5 cents; ounce, 10 cents.

Parsnip.

(Culture.—One ounce to 150-feet drill, four pounds to the acre. Drill in spring in rows eighteen inches apart. Thin out to six or eight inches in row.)

VHOLLOW CROWN OR SUGAR—Roots long and smooth. The best either for table or stock feeding use. Papers, 2 for 5 cents; ounce, 10 cents; 4 ounces, 20 cents; 1 pound, 50c.

Garden Peas.

Our peas are grown for us on the Canada lakes—free from weevils and holes. We deal in them in large quantities at wholesale. If you order sent by mail, add for postage, 5 cents per half pint; pint, 10 cents; quart, 15 cents. Buy Peas for home use always in bulk—not papers.

(Culture.—One quart to 150 feet row; 1 1-2 bushels per acre. Peas can be planted here from January to August. Sow in single or double rows, 4 feet apart and 2 inches in row. Ready for use in 50 to 90 days.)

FIRST AND BEST, OR PHILADEL-PHIA EXTRA EARLY—Perhaps the earliest Pea cultivated. Productive and well flavored. Papers, 2 for 5 cents; 1-2 pint, 10 cents; pint, 15 cents; quart, 25 cents; 1-2 peck, 75 cents; peck, \$1.25.

ADMIRAL. - Vines about four feet high, compartively slender, little usually borne branched. Pods pairs and in great abundance; they are about two and one-half inches long, thick, curved, bright green, carrying six to nine closely crowded peas of the very best quality and color. We know of no pea which remains palatable longer after it becomes large enough to use. Dry pea much wrinkled, medium sized, cream color. This variety ripens fairly early. Pint, 15 cents; quart, 25 cents; 4 quarts, 60 cents; peck, 90 cents.

MAUDE S. EXTRA EARLY—Has gained a reputation for its extreme earliness, productiveness and fine flavor. A vigorous grower, vines about 2 1-2 feet high, loaded with fine large and well-filled pods. Has been for years a prime favorite among Augusta truckers. Pint, 15 cents; quart, 25 cents; 1-2 peck, 75 cents; peck, \$1.25.

CHAMPION OF ENGLAND—Second early; wrinkled. One of the finest varieties for family use. Standard. Sow thick. Papers, 2 for 5 cents. Same bulk price as Philadelphia. Extra Early.

LARGE WHITE MARROWFAT—Main or late crop. A large, heavy pea. A good cropper; grown everywhere-Papers, 2 for 5 cents; 1-2 pint, 10 cents; pint, 15 cents; quart, 20 cents; 1-2 peck, 60 cents; peck, \$1.00.

✓ BLACK-EYED MARROWFAT—Tall, hard and prolific. Abundant fruit. Large Pea. Papers, 2 for 5 cents; bulk price same as White Marrowfat.

McLEAN'S PREMIUM GEM—Early dwarf, one foot high; wrinkled Pea; prime favorite. Papers, 2 for 5 cents; pint, 20 cents, quart, 30 cents; 1-2 peck, \$5 cents; peck, \$1.50.

Pepper.

(Culture.—One ounce to 1,500 plants; four ounces to the acre. Plant in early spring in hotbeds or boxes. Set out in rows two feet apart and eighteen inches in row.)

SWEET GOLDEN DAWN OR GOLDEN BELL—Bell shaped; mild flavor; can be eaten like an apple; golden yellow; very productive. Papers, 2 for 5 cents; ounce, 25 cents; 1-4 pound, 65 cents.

PBULL-NOSE OR SPANISH MONSTROUS—A favorite for pickling or for mangoes. Rind thick and fleshy. Papers, 2 for 5 cents; ounce, 25 cents; 4 ounces, 65 cents.

Potatoes.

IRISH AND SWEET—See under head "Field Crops."

Radish.

(Culture.—One ounce to 100 feet; three pounds to acre. Sow in drills in early spring and to June for succession. Thin out as needed. Row 12 inches apart. Sow also in early fall or winter.)

LONG SCARLET SHORT TOP—Two papers, 5 cents; ounce, 10 cents; 4 ounces, 15 cents; pound, 45 cents.

VEARLY SCARLET TURNIP—Two papers, 5 cents; ounce, 10 cents; 4 ounces, 15 cents; pound, 45 cents.

FRENCH BREAKFAST—Small scarlet, olive shaped. Two papers, 5 cents; ounce, 10 cents; 4 ounces, 15 cents; pound, 45 cents.

ROSE CHINA—Best fall and winter, 1-4 pound, 15 cents; 1 pound, 45 cents; peck, \$1.50

Rape or Georgia Salad.

(Culture.—One ounce to 150 feet; drill thick in spring, rows two feet apart; or sow in August and September and October.)

The best of fall or spring greens when boiled. Thin out to six inch plants and cook. Afterward cut off remaining tops and use. Tops grow out again for cutting. When sown in fall greens may be cut in about six weeks. 2 ounces, 10 cents; 8 ounces, 20 cents; 1 pound 40 cents.

Salsify or Vegetable Oyster.

Sow in early spring on light, rich soil in drills fourteen inches apart and thin the plants to six inches in the row. The roots will be ready for use in October, and will sustain no injury by being left in the ground during the winter. Sow also in September and October. 1 ounce for 75 feet row. Ready for use in 140 days.

SANDWICH ISLAND MAMMOTH.—
This new Salsify grows fully twice the size of the old sort, and is superior in quality. Packet, 5 cents; ounce, 10 cents; 1-4 pound, 30 cents; pound, \$1.90.

Spinach.

(Culture—One ounce to 150 feet drill; ten pounds to acre. For winter sow in drills one inch deep, rows nine inches apart. In September and October thin out by using for table. For summer use sow in spring. A good crop all the year. Ready for use in 35 days.)

BLOOMSDALE SAVOY CURLED LEAF-Large, bright green curled leaf; stands worst winter. Packet, 5 cents; ounce, 10 cents: 4 ounces, 15 cents; pound, 40 cents.

Squash.

(Culture.—One ounce to twenty-five hills; four pounds to one acre. Sow in hills same time as cucumbers and melons. Bush varieties, three to four feet apart; running kind six to nine feet apart.)

EARLY WHITE BUSH SCALLOP— Early, well known by all. Ships well. A summer dwarf. Papers, 2 for 5 cents: ounce, 10 cents; 4 ounces, 29 cents: pound, 45 cents.

SUMMER CROOKNECK - Early. Fruit yellow. Hard shell, warty excrescences. Papers, 2 for 5 cents; ounce. 10 cents; 4 ounces, 20 cents; pound. 45 cents.

Tomato.

(Culture.-One ounce to 2,500 plants; three ounces, one acre. Sow in hotbeds or boxes January or February. Transplant 3 to 3 1-2 feet apart after frost, when two inches high in open ground: Succeeds fifty per cent. better when trained to sticks or frames. When thus trained all limbs (they appear in axil between leaf branch and stalk) must be pinched off. This method leaves the little fruit stems and the larger leaf branches. The vine will thus grow ten feet high and fruits to the top as season advances-till frost.) LIVINGSTON'S FAVORITE-Large, smooth, productive; good shipper Does not drack open. Papers, 2 for 5 cents; ounce 15 cents: 4 ounces, 50 cents: pound, \$1.60.

NEW EARLY ACME—Pinkish purple; heavy bearer; round, selid medium size. Bears till frost. Thin skin. Papers, 2 for 5 cents; ounce, 45 cents: 4 ounces, 50 cents; pound, \$1.60.

MIPROVED TROPHY—We offer our improved Trophy as a sort whose large, strong growing, vigorous and productive vine, very large, very solid, smooth fine flavored and beautiful, deep, rich red fruit will satisfy the most exacting. Same price as Acme.

SELECTED PARAGON—A second early; bright crimson, resembles the Acme in size and shape; bears transportation; fine canning tomato. Papers, 2 for 5 cents; ounce, 15 cents; 4 ounces, 50 cents; pound, \$1.60.

GOLDEN QUEEN-Yellow flesh; superior, distinct flavor; beautiful fruit.

Papers, 2 for 5 cents; ounce, 15 cents; 4 ounces, 50 cents; pound, \$1.75.

Turnips—Spring Sowing.

To Merchants in Augusta Territory:

We make large annual growing contracts in Turnip Seed. Can supply you at lowest wholesale prices.

Our seed are the best American grown.

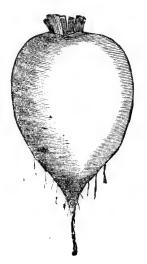

(Culture—One ounce for 200-foot drill; 1 1-2 pounds, one acre. Sow in drills which are twenty-four inches apart. For fall and winter turnips, from July 20 to September 15. (Thin to 6 inches.)

EARLY WHITE FLAT DUTCH— Strap leaf.—Spring sowing. Papers 2 for 5 cents; 4 ounces, 10 cents, postpaid, 12 cents; pound, 35 cents.

Spring sowing. Papers, 2 for 5 cents; 4 ounces, 10 cents, postpald 12 cents; pound, 35 cents.

Turnips-Fall and Winter Use.

Turnips marked * are put up in 2 1-2 cent papers and in 1-4 pound packages; and these and all other turnips are sold in bulk.

GEORGIA FROST KING—The coming turnip for the South. Not winter killed, Large white turnip that is excellent, lasting through winter and till late in spring when other turnips are pithy. This turnip is both large and tender and finely flavored. Superior foliage to other white turnips. It also provides foliage or greens as luxurlant and branching as Seven Top. It is a

hybrid turnip that fits Southern wants exactly. We are largest contractors in South and are introducing this turnip to all United States seedmen. Package, 5 cents; 1 ounce, 10 cents, postpaid, 12 cents; 1 pound, 30 cents.

NATIVE GEORGIA TÜRNIP—(Seed grown in Georgia, United States seed trade supplied.)—This is an old fashioned turnip. It is white fleshed, and as big in size as the Ruta Baga and as hard as the Ruta Baga. Turnips remaining unused put out large new spreading tops in January or February, which are eaten as spring greens. These make a bitter pot liquor which is highly prized by some. Packet, 5 cents; 4 ounces, 10 cents, postpaid, 12 cents; 1 pound, 30 cents.

VSEVEN TOPS—(Seed grown in Georgia. United States seed trade supplied.)—Named because of the habit of stooling or branching into seven tops. Makes a great amount of greens or salad. Do not make big roots. We are Southern headquarters for Seven Tops. Price same as Native Georgia.

*YELLOW IMPROVED PURPLE TOP RUTA BAGA—Of fine strain. 4 ounces, 10 cents, postpaid, 12 cents; 1 pound, 35 cents.

V SWEET GERMAN—Large white permanent winter keeper. Very sweet and very superior. Southern grown seed. Same price as Ruta Baga.

LARGE EARLY RED TOP GLOBE;
*LARGE WHITE NORFOLK, OR
GLOBE; POMEREANEAN WHITE
GLOBE; LARGE COW HORN;
WHITE EGG; YELLOW ABERDEEN;
YELLOW OR AMBER GLOBE. All,
ounces, 10 cents, postpaid, 12 cents; 1
pound, 40 cents.

Watermelons.

All these seed grown in Georgia. United States seed trade supplied. We are in the largest and the very best melon shipping district in the United States. Augusta inaugurated in 1867 melon shipping business Northward. Our seed are taken from twenty pound melons and above—eight to ten melons to one pound of seed. We sell to the largest growers and largest seedmen in United States. Northern and western seed not good here.

(Culture.—Dig holes ten to twelve feet each way, two feet deep and fill with rich mould and manure. Plant in spring ten seeds to hill and thin out to two; 2 pounds to an acre; 1 ounce for thirty hills.

BLUE GEM OR GLOUSSIER, OR BLACK BOULDER-The shipping melon of United States. As good a shipping melon as Kolb Gem. Quality far better flavor and sweeter. A far better keeper. More large melons and less culls on vines. Somewhat longer and heavier than Kolb Gem. Very dark bluish green rind with small grayish stripes. Bright red flesh, Seed black. The largest melon shipper possibly in the South, says: "I ship yearly two hundred and fifty cars-three hundred thousand melons. I regard Blue Gem as good a shipper as Kolb Gem, while quality of meat is far better. Will keep longer than any known melon. I gave twenty-five dollars per car more this year for them than I did for Kolb Gem." Ounce, 10 cents: 4 ounces, 20 cents: pound, 60 cents.

GENUINE AUGUSTA RATTLE-SNAKE-This Melon seems to deteriorate the second year when grown elsewhere than in this county. The genuine seed should be had each year from this county. This was the original melon shipped North in 1867, which so whetted the Northern appetite for watermelon. Is an elongated green striped melon. Good size. Seed white with black ears. Fresh, crisp and excellent. A choice home melon. Ships with careful packing. Ounce. 10 cents; 4 ounces, 25 cents; pound, 75 cents. Ours are highest types of seed.

AUGUSTA ROUND WHITE-New Earliest melon in United States. Matures here June 12th to 15th. All others mature about July 4th. Best and earliest home market melon known. Not a good shipper. Short vines, but heavy bearers. Plant thick. Tender rind. Flesh light red, sweet, brittle, good flavor. Shape round, Color whitish, Melons twenty to fifty pounds. A great acquisition among melons. Bears on vines continuously during seasons. This melon is grown here exclusively by all our market men for the early market. Only listed by us. Ounce, 10 cents; 4 ounces. 25 conts; pound, 75 cents.

THE JONES MELON—Rind dark; flesh bright red. Almost round in shape. Rind trifle thicker than two above melons. Sixty-five to seventy pounds frequent size for this melon. Originated near us only a few years ago, yet it has sprung into the widest popularity, and

is listed in all the United States seed catalogues as one of the very best. Ounce, 10 cents: 4 ounces, 25 cents: point 75 cents.

AUGUSTA SUGAR LOAF—A greenish white, elongated melon with crisp red flesh, with as thin a rind as Rattlesnake. Grows to an immense size—a whole market wagon load running often to sixty pounds each. Originated around Augusta. It's a beauty to look at and a delight to eat, Ounce, 10 cents; 4 ounces, 25 cents; pound, 75 cents.

PRIDE OF GEORGIA—An exceedingly large, round, green melon; flesh crisp and red. You will find occasionally on it small rough, slightly scaly spots. This melon is close kin to the Jones melon, and is a handsome melon inside and outside. Ounce, 10 cents: 4 ounces, 25 cents; pound, 75 cents.

KOLB GEM—Color a dark green. bright stripe; very nearly round; rind thick, insuring perfect shipping qualities; flesh of a medium red and firm. Thirty pounds is a fair size. This is the standard universal shipping melon in the United States. Ounce, 10 cents: 6 ounces, 25 cents; pound, 75 cents.

shippers is thought to be as good or better than Blue Gem, far better than Kolb Gem. This melon has such a tremendous sale that we have had a large amount grown for us of high grade seed and can supply all demands. Price same as Blue Gem.

carolina bradford—This mel on is a favorite above all others in the section of South Carolina where it has been grown. The melons grow to a large size, rind dark green with darker stripe; flesh red. and remarkably tender and sweet. It is an excellent melon for home use. Ounce 10 cents. 1-4 pound 25 cents: 1 pound, 75 cents.

Warning to Seedmen.

We warn Northern and Western seed men from selling to their Southern trade Watermelon seed grown in the States of Oklahoma and Kansas, and other Western States. Such seed produces melons in the South with hard, white spots in the hearts. The melons do not mature. Thousands of dollars were lost by Southern growers from these seed. Augusta seed better than Florida.

RUBBER TREE SEED—No other hot house or house plant tree so beautiful or so quick growing. Package, 10 cents

FORAGE AND HOG CROPS.

The South has a world of wealth in her varied Forage Crops. Their usual culture is simply to sow in April thinly in drills—rows three feet apart—cutting the plants and feeding it when two or two and a half feet high, and recutting it as it grows out; three or four cuttings a season.

EARLY AMBER SOR-GHUM—(Fifty pounds to bushel)—We wholesale this in large amounts in Augusta territory. We handle Sorghum in car lots and all Southern grown. We wholesale few things in our house in larger quantities than the Sorghum Almost a Trinity plant; three most distinct cultures. First: Green for-

Second: Cutting it when ripe age. and saccharine and feeding to stock, or for storing it for them. Third: Grinding it for syrup. This is the earliest sorghum. Sorghum is not appreciated in Georgia as it is in the West, and in Texas and Tennessee. We have had trouble in getting pure amber seed. This year we have a splendid reliable grower. Do well sown with cow peas broadcast, or can be broadcast alone. Sow twenty pounds to one acreif in drills, for forage, and 1 bushel broadcast per acre; 10 pound drills for syrup. The growing of sorghum all through the South and West is increasing largely each year. One pound, 10 cents; 10 pounds for 50 cents.

EARLY ORANGE SORGHUM—Yields heavier than "Amber, syrup, too, is finer flavor. Georgia Experiment Station makes total three cuttings green forage per acre, 42.018 pounds. This type of Sorghum is a good bit larger than Amber and where prime earliness is not considered it is the better cane. Our trade is very heavy on both types. Same price as Amber.

PEARL OR CAT-TAIL MILLET— (Pencillaria Spicata.) — These seed grown in Georgia. The United States seedmen supplied in largest amounts. We are largest dealers. No other plant makes so much forage as this. Seven cuttings can be had from one planting about Augusta in one season. Total of three cuttings green forage per acre at Georgia Experiment Station, 52,416 pounds. Stools at ground. Thick foliage. Heads not eaten. This is by far the most pepular of all the green eaten millets. One pound, 15 cents; 5 pounds at 14 cents; 10 pounds, at 13 cents; 100 pounds, at 11 cents.

Cat-tail Millet is not saccharine. Not sold by bushel.

GEORGIA NATIVE (Augusta, Ga.,) RYE-(Secale Cereale)-Seed trade supplied. 56 pounds to bushel. We have had for years a heavy merchant trade, even into other States, for this rye. We shall grow this year a very large crop of the highest type. This rye stools heavily. Can be grazed several times, and then allowed to go to seed. If cut and fed green, it has made ten tons green food in five months per acre: Rye grown in Tennessee, Virginia, Middle or Western States is cheaper. But it runs on the ground, and is slow growing, and is no good here. It is a different type of rye. Plant in September or October and to December one bushel per acre. Bushel, \$1.50.

GEORGIA BEARDED BARLEY-(Hardeum Sativum)-48 pounds bushel. Sow 1 1-2 bushels to acre. Best in fall though can be sown in spring. Excellent fall, winter and spring pasturage. Continuously grazed. Dense foliage and strong and nutritious food. Yields largely of grain. Can be cut for grain two weeks earlier than wheat, 1 peck, 40 cents; 1 bushel, \$1.35; sack. \$1.25 bushel, Sow only Georgia grown seed.

GEORGIA BEARDLESS BARLEY—
(48 pounds bushel.)—United States seed trade supplied. Sow later than Bearded, say in December, or in spring in March. Ripens in June or before. A new magnificent type. Makes fine grazing and a big yield of seed. 45 bushels or more per acre. Frost proof. Ripens earlier than bearded, and is taller, larger and stiffer. Being beardless is easily handled and can be fed to stock same as oats. Is six rowed; hull remains tight; long head. Same price as Bearded.

States seed trade supplied. Forty-four pounds bushel. Plant one peck to acre. Soak seed several days. Plant twelve inches apart in rows two and a half feet apart. Give two plowings and hoeings. If you get a bad stand pull out shoots from growing plants and plant and use these. Grow just under the surface, like all grass nuts. Invaluable for fattening hogs. Turn hogs in patch. Mature in September and lie in ground till eaten. Peck. \$1.25

SPANISH PEANUTS-(26 pounds to bushel)-Georgia grown seed. United States seed trade supplied. Much written about as a hog crop. Two hundred bushels per acre. Plant about two bushels to acre, March to July. Follow after oats, or plant two crops, March and July, on same ground; no pops. Plant close in sandy lime lands. The tops are good forage. Peas easily harvested, as all peas hang to roots as plant is pulled up. Hogs can be turned in, or the whole vine can be fed from the storage barn. A high Georgia farming authority says that we could revolutionize our agriculture if in the corn row between the stalks we would plant a hill of cow peas, and in the middle furrow a row of Spanish peanuts. Bushel, \$1.50: five bushels, at \$1.25. Used also for parching.

MAMMOTH PEANUTS—We are large contractors and book orders for all peanuts in many cases six months in advance of crop. This is the usual big peanut and is much bigger than Spanish. Same price and weight as Spanish.

TEOSINTE—(Euchlaena Mexicana)—United States wholesale seed trade supplied). Many growths per season. Mississippi Experiment Station reports twenty-two tons per acre green forage product. One seed makes thirty to fifty stalks or stools. On rich land grows fifteen feet high, and produces a larger amount forage than any known plant; 10 per cent. saccharine. Seeds only in extreme South. Plant in April, 5x6 feet; cultivate as corn. One ounce, 10 cents; 1-4 pound, 25 cents; 1 pound, 90 cents. Two pounds, one acre.

It takes 85 degrees heat to germinate Teosinte. We are largest dealers.

GERMAN MILLET—Choice Tennessee grown, (Variety of Chaetochloa

Italica). Western or Northern grown seed no good here. The true German Millet, when properly grown and handled, makes an enormous yield most nutritious feed, and that without impoverishing the soil to any great ex-To get these results, however, tent. German Millet must be sown thickly, about one bushel per acre, and the crop cut while it is in bloom, before the seed hardens in the head. Sow when the weather gets warm in May, or any time during summer until end of July. Two crops can be seeded and grown during the summer on the same land. Good hay combination with cow peas, one peck Millet, 1 1-2 bushels peas. \$2.00 1 bushel. Price varies. Get price in sack lots or more.

TEOSINTE.

VELVET BEAN—(Mucuna Utilis.)—(Seeds only in extreme South, United States seed trade supplied.) Great mulch crop in orange and peach orchards. A powerful soil enricher on poor soil Frost killed vines or dry hay relished by all cattle. Yield good mulch grain when cut for hay as bottom leaves fall or ripen only. For replenishing worn out land large growers say it largely excels cow peas. Vines form a mass three to four feet high, and run twenty feet or more. Plant spring or early summer, three feet by five feet,

several beans to hill; one peck and a half to acre; cultivate like cow peas in every way. We are the largest contractors of Velvet Beans in the South; sold good amounts last year to Louisiana for green soiling for sugar cane fields. One quart, 15 cents, postage extra, 15 cents; 1 peck, \$1.00; 1 bushel, f. o. b. Augusta, \$2.50.

BEGGAR WEED—(Desmodium Tortuosum.)—Legume, Grows four to eight feet high, Abundant leafage. Sow 10 pounds per acre. Barely cover. Drill or broadcast seed or sow in June rains on top ground in corn rows at last cultivation. Can cut several times or pasture late summer and fall. Cut for hay at blooming time with mower. Yields four to six tons fine hay. Reseeds itself. Easily eradicated. Is in way of no crop. In worn pine land it has no superior. One pound, 35 cents; 6 pounds for \$1.60; 10 pounds for \$2.60.

DWARF ESSEX RAPE—In England and Germany this is the universally grown forage crop. Sown for pasturing lambs and sheep, and also for cows—no crop equals it. No crop is so fattening—a lamb growing seven or eight pounds a month. Sow five pounds to ten pounds per acre in spring or fall—broadcast or drill in damp lands—or drill in rich uplands. Sown in August it makes in two months an enormous amount green food two or three feet

high and branching. Thin it out in fall when small and eat as spinach. One pound, 20 cents; 5 pounds, 75 cents.

This is deserving of largest growing for green cattle food in winter when Rye is almost only thing to be had. Can be grazed or cut several times. Never cold killed. One pound, 15 cents; 5 pounds, 65 cents; 10 pounds, \$1.00.

JERUSALEM ARTICHOKES—Georgia grown. Widely advertised as a hog grop. Even in five feet rows roots run from row to row and make tubers—the underground being a network of artichokes. Tubers will stay in ground all winter and not freeze. Turn in hogs at any time. If not eaten too close crop will come up in spring without second planting. Used also for pickles. Cut tubers like Irish potatoes, and plant after frost—one piece every three feet, in four or five feet rows. Three bushels, one acre. Get prices

RUSSIAN SUNFLOWER SEED—Sow until August, five pounds to one acre. Great improvement over the small sunflower. Some are eighteen inches in diameter. Ornamental, Large seeds. In Russia used for oil. Known here as the best of all poultry foods—forty to fifty bushels per acre. In cities it is the parrot's food. We keep this seed in large quantities. Two ounces, 5 cents; 1-2 pound, 10 cents; pound, 15 cents; 5 pounds, 50 cents.

MISCELLANEOUS FIELD & FARM SEEDS

FIELD CORNS—We make a specialty of Field Corns—wholesaling them in large quantities to merchants in Augusta territory at lowest prices. Six quarts to acre; bushel, 56 pounds; unshelled, 76 pounds. Write for wholesale prices Postage, pint, 10 cents; quart, 15 cents

PENNSYLVANIA YELLOW DENT CORN—We do an immense business in Dent corns with Augusta territory merchants. Well known, Our earliest field corn. Meal can be had from it latter part July, being thus valuable to farmers

The sowing of Dent corn increases each year. Its earliness makes it invaluable. It loses earliness if native seed are sown Buy fresh seed each year.

We have all of our corn seeds grown for us in extreme northen part of Virginia—just the proper latitude. We believe in size of grains, etc., we sell the best Dent corn in the South. One quart, 15 cents: 2 quarts for 25 cents; peck, 60 cents; bushel, \$1.75

PENNSYLVANIA WHITE DENT CORN—Same as above, only grain is white—which some prefer. Same price as Yellow Dent. Many plant this for early garden use. Grown for us in largest amounts in Northern Virginia. We lay great store by the superiority of this North Virginia corn as sent out by us. For early farm corn nothing takes the place of Dent corns. They come on for the farmer in the nick of time.

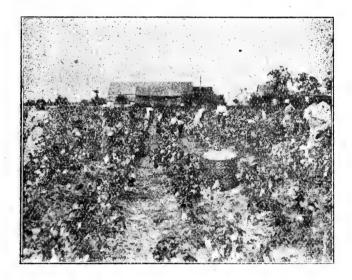

COCKE'S PROLIFIC CORN—Originated by late General Cocke. The best corn known in Virginia. Flinty, white, heavy. Large, tall stalks. Much fodder. Two ears. In swamps it has grown 140 bushels shelled corn per acre. We get our seed from North Virginia. This corn stood highest test at Georgia Experiment Station for several years, and also other Southern State Experimental Stations. This corn has given great satisfaction here for several years. Medium early. One quart, 15 cents; 2 quarts, 25 cents; peck, 60 cents; bushel, \$1.75.

MEXICAN JUNE CORN—(Georgia grown.) (United States seed trade supplied.)—Do not plant before June 1st to 15th. Grows ten to fifteen feet high. Full eared. Large blades. Fine ears, white corn Makes finest late roasting

variety and in any quantity. Highest grade. Augusta is the second largest inland cotton market in the world, and the largest cotton manufacturing city in the South. Cotton thirty pounds to bushel. We have supplied the United States Agricultural Department for five or six seasons for their free cotton seed distribution. We shipped to Southern Europe the largest cotton shipment for seed purposes ever made. We export to all portions of the world cotton seed.

Culture for the Cotton Plant.

Plow up ground, leaving it fairly levei, then through your land run parallel furrows about three and a half feet apart and put fertilizer in this furrow. Then throw upon this furrow two other furrows from both sides—making thus

ears. No other corn can be planted so late as this. No other corn grows so tall and makes such an amount of late forage. Does not make any ears till September. Give it time. Its great have that you value is can roasting ears, in September and October and till frost, which no other " corn gives, Don't pull till December. Corn till then does not harden on stalks -keeps green and soft. Several ears to stalk. Remaining stalks give fine green forage for cattle. We are largest contractors in Georgia. Quart, 25 cents; peck, 75 cents; bushel, \$2.50.

Cotton.

All of our cotton seed are grown in Georgia. We are in position to stock up United States seedmen with almost any a raised bed of four furrows. Then in the middle of this bed usually about twenty inches wide, open a shallow furrow about three inches deep and in this drill thinly, cotton seed, or preferably drop in furrow four or five seed every three feet apart. Cover this with' a board on foot or hell of plow, leaving seed about one and a half inches under ground. Seed are usually planted in Georgia in April and May. When seed have come up, thin them out to one plant to the hill, Cultivate about every three weeks, using hoes immediately about the plants, and sweepplows between rows, to keep down the

PETERKIN IMPROVED COTTON— (Short Staple)—This cotton is grown about Augusta more, perhaps, than any

other kind. Excellent staple. Small seeds. Branching, open growing and prolific. Twenty per cent. of the seed slip their lint-that is, are free wholly of lint, and are smooth and bare. To uninitiated the seed look mixed. Yield of lint is about 40 per cent. This cotton fruits the whole season. A partial dry season does not largely affect the crop. Distributed by United States government in free seeds many years. This is the most largely sold of all cotton. We know no better stand-by in the list and recommend it highly. One bushel, \$1.25; five bushels. \$5.00.

HAWKINS COTTON-(Short Staple) -Distributed many years by United States government in free seeds. Three large limbs at bottom. Being a tall grower it has a long tap root, which resists drouth well. Small seed-some light gray, some green. Yields 33 to 40 per cent. An early cotton with superior lint. Big bolls, gathered easily. Prolific. A cut before us of Hawkins' Cotton from life shows over 400 bolls well developed on one stalk. Mr. Hawkins has been steadily improving year by year this cotton to the present-carefully selecting it each year. Our seed are absolutely pure Bushel, \$1.25; five bushels, \$5.00.

KING'S IMPROVED COTTON.-(Short Staple)-Has stood highest test at Georgia Experimental Station. The earliest of all cotton. Few limbs and short, Plant on heavy, good land, thicker than any other cotton. Bolls literally cover the rather small plant. First crop comes on all at once-pretty well out by September 15th. Makes second crop-plant then growing straight up and tall. Plant erect. No other cotton so successfully can be planted late and after oats and wheat. The Sea Island planters plant it largely after their truck Irish potato crop is gathered. No other cotton on account of its earliness is so sure of a top crop in fall. In 1890 the originator made in North Carolina three bales to the acre-heaviest yield ever made in that State, Lint 36 to 40 per cent. Bushel, \$1.25; five bushels, \$5.

TRUITT'S BIG BOLL COTTON—(Short Staple)—Forty bolls to pound. This is a distinctive cotton with its big seed, and its big bolls, making gathering easy. Some of the most scientific and best posted farmers in Georgia grow nothing else. Bushel, \$1.25; five tushels, \$5.00.

JACKSON'S LIMBLESS COTTON—Widely advertised and controlled several years by syndicates. Almost limb-less. We have highest grade seed. Bushel, \$1.25; five bushels, \$5.00.

RUSSELL'S BIG BOLL—(Short Staple)—The South has been wild on this new big boll cotton for past two years. Practically no other big boll was sold. We received car loads of orders for Texas and elsewhere we could not fill—and could not fill all home orders. It seems a high type of the Big Boll, Has lead in the Experimental Stations. Originated in Alabama. United States government distributed it in 1901. We have fine seed for this year. One bushel, \$1.25; 5 bushels, \$5.00.

DOUGHTY'S EXCELSIOR COTTON—A tall, erect, limbless cotton. Fields of this average six feet—many talks ten feet. Stalk with 100 or more bolls. Plant wide apart. A cotton of most remarkable appearance. One bushel, \$1.25; 5 bushels for \$5.00.

DOUGHGTY'S EXTRA LONG STAPLE—The stalk is long limbed and branching. Yields 400 pounds lint per acre. The staple is one and five-eighths inches long. Three and one-half cents per pound more than middling was obtained in 1899 in this market for it. Our leading cotton factors agree that this is best long staple that comes to Augusta. United States Agricultural Department has distributed it. Eleven bales of cotton were made this year on twelve acres. Price, bushel, \$1.25; five bushels, \$5.50; ten bushels, \$10.00.

ALLEN'S SILK LONG STAPLE—A long used high grade long staple. The most silky cotton known, perhaps.

COOK'S SILK LONG STAPLE—We sell a large amount of this long staple also. Exported in '99 a large amount to foreign countries. Same price as Doughty's and Allen's.

SIM'S LONG STAPLE—Same price as Doughty's.

SEA ISLAND COTTON—Forty-two pounds bushel. The famous Sea Island Cottons off the South Carolina, Georgia and Florida coasts are known all over the world. While planted seventy-five miles interior, yet seed must come annually from coast or lint is not so long. Roller gin is used, lint slipping the seed. Product of this cotton of ours in 1900 was 20 350-pound bales on 25 acres. Tall bush. Yield about 30 pounds lint

for 100 pounds of seed. Lint from our seed fetched in 1900 (fall) 30 cents per pound. 1 bushel, \$1.50, (42 pounds); 5 bushels at \$1.25 per bushel. Get special price on big amounts.

Oats.

APPLER OATS—The finest Oat according to Experimental Station, Georgia, in the South. Rust proof. Hardier than Texas. Heavy, 37 pounds to bushel often. Matures about ten days earlier than native rust proof and week or ten days later than Burt. Exceedingly prolific. Can be harvested about last week in May. Georgia Experimental Station say they could have sold 10,000 bushels in '99 at 75 cents if they had had them. Get price. State amount wanted.

IMPROVED RUST PROOF OATS—These are Augusta's best Native Rust Proof. These oats have been selected and improved three or four years. They stand far more cold than the imported Texas oats, and are far heavier. These oats weigh 30 per cent. more than Texas Rust Proof. Our friends must remember that it takes as much chaff for a little as a big grain, and in Texas oats they are buying mostly chaff and beard. We are heavy wholesale dealers in these oats. Get price. State quantity.

BURT OATS—These are practically the only spring oats—far safer and better than other oats sown in spring. And when oats are winter killed these oats are invaluable. The Burt oat is also a good cat sown in fall. Two or more weeks earlier than Native Rust Proof. Our seed grown here for us from Georgia Experimental Station seed stock. We are large dealers in these oats.

TURF OR GRAZING OATS—(32 pounds)—Do not resemble oats till they head. Look like rye, and look, too, like Orchard grass. No cold whatever seems to kill them. They can be grazed, and afterward will grow off and head out like rye. These oats are popular, and widely used further North. We've sold them for three or four years, and our growers have been greatly pleased with them. Get prices.

TEXAS SEED OATS—The usual feed Texas oats sold by growers are often-times full of cheat, Johnson grass, rye, Texas sunflower, and what not. We try to get in these the best seed to be had. Sold—only in good round lots.

Potatoes.

IRISH POTATOES—Ten bushels per acre. We do not sell less than one barrel,

We do an immense business to the merchant trade of this territory.

We sell choicest MAINE POTATOES, and also SECOND CROP SOUTHERN GROWN. Our Experimental Stations rather prefer the second crop Southern grown to Maine potatoes.

MAINE POTATOES—New York sells to the wholesale grocery trade of the South a large amount of so-called Eastern Potatoes that come from the West and through the lakes. These make big tops but not two potatoes to the hill. These are sold cheap. We handle only the genuine Maine (direct in car lots) potatoes. Parties wanting the cheaper potatoes will kindly get them from the grocers and we beg that they will not quote them as against our genuine Maine potato—tried and sold by us for 10 years. We keep Early Rose, Triumph, Beauty of Hebron and Goodrich.

SECOND CROP IRISH POTATOES—All Southern Experiment Stations have declared these in every way equal, probably superior, to Maine potatoes. Our grower is the largest and most scientific grower we know. Our merchant trade in these yearly is very heavy.

A good paying crop of potatoes can be had here—sown in August 1. Be sure that the eyes are well sprouted when you plant. If they are not the seed sometimes rot before sprouting. To know this universally would be \$100.000 to Georgia.

We keep of second crop, Early Rose, Red Triumph, White Triumph.

SWEET POTATOES—Georgia grown. Seed trade supplied. No part of America, we believe, grows the sweet potato to the same perfection that Richmond county does.

VINELESS BUNCH YAMS—Vines do not run. Grow erect, Can be plowed and cultivated like corn. Grows well between corn hills. Potatoes easily gathered. Bunching like Irish potatoes. Sweet; taste like old time Spanish potatoes. The coming potato for use. Bushel, \$1.75.

PUMPKIN YAM—Rather late. Universally grown about here. Georgia Experiment Station says: Oblong, weight 2.41 pounds. Color skin, cream pink; flesh, pumpkin red. Quality, rich, sugary. Productive. Improves with keeping. Bushel, \$1.75.

SUGAR YAMS—Not productive (about 100 bushels per acre). Not large; but the finest, sweetest, sweet potato known Bushel, \$1.75.

COW PEAS-These seed grown in Georgia. United States seed trade supplied. Sixty pounds to bushel. best habitat is about us. The South's best friend. The clover of the South Contains more nutriment as hay than clover or alfalfa. Grows in poorest soil. invaluable, whether grown for hay, peas or soil renovator. Georgia Experiment Station made, per acre, 25,256 pounds of green hay, or 5,000 dry. Declares them to be the soil's best renovator. Recommends them for Illinois, Ohio, Indiana and all Middle States. Seed must come from South. Plant about May 10-or after grain-one bushel to one-half acre, broadcast. And between hills, onehalf to one bushel. Get prices. Northern seedmen must not expect a rough seed like these, sold at close figures and low, to be as clean and free from chaff as are garden peas.

UNKNOWN, OR WONDERFUL, OR BOSS, OR QUADROON—The best combination pea for heavy vines and stock pea. Stands at the head. Erect vines. Late maturing Pale buff color peas.

WHIPPORWILL OR SPECKLED—Georgia Experiment Station acre yield, 1,682 pounds vines and 25 3-10 bushels peas; old variety; tall, upright; yellow pod; brown speckled pea. The earliest of all peas. Not much vine to it. Grown principally for the peas, of which it bears heavily. We ship many of these peas North.

BLACK-EYE WHITES; YELLOW EYE WHITES—Quotations given and trade supplied with IRON, CLAY, MILLER, TORY, BLACK, LITTLE LADY, CROWDER.

MEXED COW PEAS—Not one Georgia farmer in one hundred grows straight unmixed peas of one type. He grows mixed peas because it is better.

and for this reason—if the soil or season is not favorable to one type, then it will be favorable to some of the other types. It is almost impossible for this reason to buy straight unmixed peas. We say this to United States seedmen, viz: If you want the best out turn in peas (hay and peas) then order high grade mixed peas. They are cheaper, too

UPLAND PEARL, OR CAROLINA RICE—(Georgia grown seed. Trade supplied)—Forty-four pounds to bushel; drill in April or March. One peck to acre, covering one and a half inches, or drop twelve seed in hill twelve inches apart; rows three feet apart; plant in stiff land; damp is best; profitable crop; largely grown around Augusta; best prices from us in large amounts; yield twenty to thirty bushels in upland and thirty to sixty bushels in lowland. Bushel, \$1.75.

PURPLE STRAW AMBER WHEAT—(Sixty pounds)—After experimenting with twenty varieties of wheats, we find for Georgia this is the best. This wheat is free from cockle and cheat. This wheat by expensive machinery is smutted. Bluestone is not necessary; and by no means must this wheat be soaked in bluestone.

We sell tremendous amounts of wheat and our stock can be relied on for this section. Get prices.

This wheat is grown for us especially by largest wheat grower in North Georgia. It is far better than any Virginia or Tennessee wheat—proven so for 10 years. If you have thin land never use your own seed but get new seed each year. This wheat sold in largest amounts by us.

BEARDLESS FULCASTER — Fine wheat, Largely sown too to be cut as pats. A fine hay product.

WILLET'S FIELD PUMPKINS—Three pounds to acre. We are large contractors. It is strange that so few farmers plant pumpkins. So easily kept all winter for the table or for cattle, and so easily grown, it seems an absolute pity that pumpkin growing should so fall into disfavor. One pound 35 cents; 3 pounds for 75 cents.

PAPER SHELL PECANS—Largest.
Pound, 75 cents.

GRASSES FOR THE SOUTH.

Grass seeds fluctuate a great deal in price. Write for prices in large amounts. State quantity if you want a number of acres to plant. We are not bound by catalogue prices.

JOHNSON GRASS-(Sorghum Halepense)-Twenty-four pounds to bushel. Known also as Guinea and Mean's grass. Vetch and Johnson Grass the standard Augusta Hay Farm mixtures. Plant Johnson Grass as soon as the frost is out of the ground or August and September and October, 40 pounds to the acre. Cut before the head is in flower. Three to five cuttings per season; withstands any drouth; yields heavy crops, year after year, without reseting. Hogs devour the roots as if they were sweet potatoes. Is almost ineradicable. Do not let it go to seed; it spreads if you do. Coarse but fairly tender when cut young. Makes immense crops; very hardy. Augusta is a large grower of this grass. We supply wholesale trade. One pound, 15 cents at Augusta; ten pounds, for one-quarter acre, \$1.00; one bushel, \$2.00; five to ten bushels, \$1.75.

AUGUSTA VETCH-(Vicia Sativa)-Sixty pounds to bushel. This is the standard hay grass used in the widely known hay farms around Augusta. Some allow first crop to get about half ripe. Enough seed fall to the ground for reseeding purposes to come up next February. The second and other crops cut in a greener state. Grows well with oats, to be cut into sheaves. Grows well with Bermuda and Johnson Grass. Vetch is unexcelled for winter pasturage. One bushel to the acre will set a crop. Plant two bushels for fall pasturage, Sow in August and September with oats or sow in spring. One pound, 15 cents. Prices subject to change.

Sixty pounds to bushel. Sow one to one and a half bushels per acre. Alone, in middle August to middle October, or in March, April and May. Better if sown with three-fourths bushel oats, rye or wheat to hold vines up. Rich land. Two cuttings can be had in spring; withstands winter's cold. Fall sowing makes good hay for January and

April or May; stock taken off, plants mature and reseeds for next year or can be cut. Excellent for a hay. Yields two to four tons hay. Grows waist high, branches in all directions and when in flower is a magnificent sight. Five or six pounds per acre in oats yield well. One pound, 15 cents. Get prices.

LUCERNE CLOVER OR ALFALFA -(Medicago Sativa)-Sixty pounds to bushel. No grass fields in United States are more noted than Lucerne farms of California or Louisiana, where its roots grow to a great depth, with four or five cuttings yearly; eight tons hay per Stools or multiplies its stems acre heavily, thirty or forty stalks from one root. These throw out numberless intertwined branches, average growth three feet. Drill or broadcast fifteen pounds per acre. Spring or fall (February or March best.) Cut before blooming four to six times a season. Stand once set lasts a lifetime. Don't graze it. Rich. sandy soils best. One pound, 20 cents; 15 pounds for \$2.00; 60 pounds for \$7.25.

GEORGIA BUR CLOVER-(Medicago Denticulata)-Ten pounds bushel. Georgia Grown. We supply United States trade. Plant two or more bushels per acre. Sow July to October 1. Smoothly harrow land and cover only 1-4 inch in depth. Sprouts with fall rains and matures about May 20. If cut or grazed maturity is June 10. When seed ripen plant land in corn or cotton, etc., Furnishing immense grazing for cattle, sheep and hogs in winter. Makes fine land planted Poor clay hay. Clover will increase Bur One planting lasts a life yearly. time. Have known sixty-five sheep to be kept solely on four acres thirty days and clover gained on them. One pound. 25 cents; 1 bushel, \$1.85; 2 bushels, at \$1.75: 10 hushels at \$1.50.

BERMUDA GRASS SEED—(Cynodon Dactylon)—United States seed trade supplied. We offer reliable and very cheap Bermuda seed. Three to five pounds mixed well with fine sand should set an acre. Cut three or four times—three or four tons acre. Sun lov-

Best of all grasses for summer pastures. Once planted lasts forever. Finest hay, Grows well even on sandy soil. Plant in spring or summer when ground continues moist. One pound, \$1.00; 5 pounds at 80 cents.

JAPAN CLOVER-(Lespedeza Striata)-(Southern seeds. United States seed trade supplied)-Twenty-five lbs. to bushel, Sow twenty-five pounds per acre. Grows anywhere, and is tenacious in any soil, and lasts always. It is well known now in the South. Scatter a few pounds seed in fall or spring in permaent pastures. Soon covers the ground, and is eaten greedily by stock till frost. In some soils it grows twenty inches high; is mowed; two tons to acre. Growth starts in early spring. Ready for grazing from June to frost. Rich soil grows thirty inches. Summer forage. Appears in May. Plant in spring or fall with rye and oats. One pound, 25 cents; 10 pounds \$1.80; 1 bushel for \$3.50.

GEORGIA SCHRADER'S OR RES-CUE GRASS-(Bromus Unioloides)-Fourteen pounds one bushel. Sow twenty-five pounds per acre in fall to Christmas, Known also as Arctic Grass and Australian Oats. Annual, but if grazed or mowed cleanly roots last three years or more. Best growth in October and November. Ripens seed in May. lands twelve On thin to fifteen inches high, rich damp land, three feet high. Grows out quickly after being grazed from November to May. Cut for hay in February, then again in April. Let third crop grow-it will make enough seed to stock field next year. Can be sown till Christmas for seed, or any time till April for spring pasture.

HERD'S OR RED TOP—(Agrostis Vulgaris)—Ten pounds to bushel. A good perennial, generally sown on permanent pastures, generally on moist lands. It is best when fed close down as a forage plant. Not killed by overflows. Improves with age each year. Chief value is when made part of grass mixtures for fall pastures. Sow in fall or spring, three bushels to acre. One pound, 10 cents; ten pounds, half acre, 75 cents.

RED CLOVER—(Trifolium Pratense)
—Sixty pounds to bushel. Sow broadcast
in spring, September or October, fifteen
pounds to the acre, or sow with any
spring grain as early as ground is suitable for plowing. Needs a stiff soil. The

most widely cultivated of all pasturage plants for pasturage, hay, and enricher of soil. Price, one pound, 15 cents; 5 pounds, for one-quarter acre, 70 cents; 1 bushel, \$7.50.

SCARLET OR CRIMSON CLOVER-(Trifolium Incarnatum)-Sixty pounds to bushel, An annual, Withstands both our heat and cold. A month earlier than red clover, and can be sown on thinner lands not wet. Can be cut for green food in April or May, or for hay, or for plowing under. Stems in bloom vary from two to five feet in height, and stools heavily, one seed making ofttimes one hundred blooms. It grows during winter and spring months. Sow August, September or October, fifteen pounds to acre. Broadcast. Can be pastured in December and January, and still yield. Is sown about here usually with oats. Do not plow under. Sow on top of ground, and lightly harrow it in. One pound, 10 cents; 15 pounds for \$1.50; 1 bushel, \$5.00.

WHITE CLOVER—(Trifolium Repens)—Not a heavy hay producer, but invaluable in permanent pastures. Sow twelve pounds to acre in fall or spring. Fall is better. Price, 30 cents a pound; 3 pounds, for one-quarter acre, for 75 cents.

KENTUCKY BLUE GRASS—(Poapratensis)—Fourteen pounds to bushel. Pasture grass, well known; sow in fall; usually sown with other grasses—Orchard grass, Clover, etc. Also used in lawns and woodlawns. Sow two bushels per acre. A perennial for dark soiled low-lands or lime lands. Good grazing in fall and winter. Gets better each year. One pound, 20 cents; 1 bushel, for one-half acre, \$1.50. Fancy quality.

GEORGIA "TEXAS BLUE GRASS" -(Poa Arachnifern)-Perennial. Transplant sets or roots from November to April, by running off rows twenty-four inches apart and drop sets Can be inches in rows. twelve pushed into soil with an inch-wide stick. Live easily. Cultivate first year with wide sweep. After this it takes care of itself. Makes fine pastures for November and May. Do not too closely graze crop in summer. Grows two to three feet high and thick; makes good cutting in spring. Makes good lawn and for terraces nothing superior. We get \$1.00 for 1,000 sets; \$8.00 for 10,000; 5 to 10,000 sets an acre.

LAWN AND PARK EVERGREEN GRASS—We have the best mixture we know of. So compounded with seven or eight grasses that it ensures green grass all the year. Our mixture has succeeded here when others failed. Fourteen pounds to bushel, One pound of seed, 35 cents; plants plat 20x30 feet; 10 pounds for \$2.50.

ORCHARD GRASS—(Dactylis Glomerata)—Fourteen pounds to bushel. Sow two bushels to acre, fall or spring. An excellent perennial. Commence spring growth in February, ready for hay cutting in April. Graze then till hot summer. Early autumn starts new set of leaves, making rich pasturage, remaining green all fall and winter. Mixes well with Red Top. A good woodland pasture. No better winter growth on wet or heavy clay lands. One pound. 20 cents; bushel, for half acre, \$1.75.

PASPALUM PLATYCAULE, OR CARPET GRASS—United States seed

trade supplied. Grows tenaciously in any sandy soil. Green all the year. Spreads like Bermuda; takes joint every few inches. The blades are wide, giving fine foliage. Grows five or six inches. Best of all grazing grasses. One parent stalk in fifteen months would spread several feet in circumference. Two quarts of seed mixed with sand for sowing should set an acre. Plant in spring or early fall. Cattle cannot uproot it. A highly interesting and valuable plant for pasturage. Big tufts. Pound, 60 cents. Seed small.

NOTE:—To all-fancy seed growers of any seed in farm, forage and garden. Write us what you have and amount and price. We are helping on the new Southern industry of seed growing.

LAWN AND FLOWER FERTILIZER—The best made, Only in 50 pound sacks, at \$1.00 per sack. We have special formula for truckers.

DR. GILDER'S LIVER PILLS

are so constructed that they do FOUR things:

They Act on the Upper Bowels.
They Act on the Lower Bowels.
They Act Upon the Kidneys.

Note—Other pills do only a part of above. Gilder's do not gripe.

No Southern made pill is so popular as Gilder's.

It was born in the South Thirty years ago. It was raised in the south.

It has always been made in the South.

It has cured more Southern Liver troubles than any other pill.

Southerners should use them.

Let Northern pills cure Northern people.

For the Cure of Liver Complaint, Billiousness, Heartburn, Dyspepsia, Indigestion, Pains in Back, Side, Etc.

Directions for Using.—If your Liver is not acting properly, and you feel dull and drowsy and headachy, three pills at night will clear the system of vitiated bile. and make you feel like a new person.

If you have a pain in the side or back, it probably arises from a torpid

Liver. Stir it to action by taking a dose of these LIVER PILLS.

If your bowels are constipated, two pills at bed time will set you all right. If your food does not digest, take two or three pills twice a week at bed time, until three or four doses have been taken, and you will feel yourself entirely relieved of these disagreeable symptoms.

If your complexion is sallow and your eyes discolored, a full dose of these pills will impart a roseate hue to your cheeks, and give your eyes the brilliancy of perfect health.

DR. GILDER'S LIVER PILLS
25 cents per Box Postpaid.

AUGUSTA DRUG CO., Augusta, Ga., make Gilder's.

THE GENUINE.

Every package of Simmons Liver Regulator is like the accompanying fac simile.

On the front of each package is the red Z, on the side the seal and signature of J. H. Zeilin & Co., in red.

BEWARE OF FRAUDS.

Do Not Accept any Substitutes or Imitations.

If you are not well and want Simmons Liver Regulator, as you value your health be not persuaded to take anything else. No imitation, counterfeit or substitute is the same. You know that Simmons Liver Regulator is what you want, and if a druggist tries to sell you something else you may be sure it is because he makes more money on it, and not because he is considering your health. The druggist knows as well as you that nothing is equal to Simmons Liver Regulator and that no other preparation is the same. It is made only by J. H. Zeilin & Co. No one else knows how to make it.

"I send you a package of counterfeit Simmons Liver Regulator. It is called a trial package and they said it would cost me nothing--it nearly cost me my life."—John Griffin, Cassville, Ark.

"I have always used Simmons Liver Regulator and always found it to do what is claimed for it. The last bottle and two packages did me no good and were worse than nothing. I see that they are not put up by J. H. Zeilin & Co., and are not genuine. Send me some from honest hands (with Red Z and Zeilin & Co.'s signature on the wrapper.) The fictitious stuff sold will injure some one badly."—Benj. T. Rich, Fernandina, Fla.

"I have taken Simmons Liver Regulator and from experience can speak of it in the highest terms. There is a deleterious article sold here for the genuine Simmons Liver Regulator."—P. B. Cusack, Brinkley, Ark.

Y. K. W. It Cures

GONORRHOEA. GLEET, STRICTURE, In 2 to 5 Days,

Cures at once Chapped Hands and Face and Makes Rough Skin Smooth

NEGESSARY MEDIGINE.

That Family which has a Bottle of Graybeard on the Mantel, a Box Each of Graybeard Pills and Graybeard Ointment in the Medicine Chest is

Fortified Against Most Diseases to which Flesh is Heir.

trues Dyspepsia. If you have 'dyspepsia, that weak, nauseated feeling, heartburn, fainting, dizzy, jost appetite, take Graybeard. There is not, we believe, or ever will be, invented anything to equal Graybeard in relieving and curing dyspepsia. It tones up your system, makes you eat, and, best of all, makes you digest what you eat.

It Cures Rheumatism.—If you have rheumatism, that aching and pain in the knees back or shoulders, take Graybeard. It is especially prepared for this ailment. Graybeard cures it. It drives out the acid in your blood which causes Rheumatism. It makes new blood and thus crushes out the disease. We have never known a remedy like Graybeard for rheumatism. One that so completely and effectually destroys the ailment.

If Gures Gancer.—If you have a cancer take Graybeard. Get it as quick as you can, and take it as long as you can. It will cure you. Don't get impatient. Don't be in a hurry-Graybeard is your meat and bread for cancer. It is the only remedy that we have ever heard of that will cure cancer.

It Cures Catarrh.—If you have catarrh, that coughing, that spitting, that blowing the nose, that bad foul breath, take Graybeard. It is the grandest remedy on earth for catarrh. There was a little girl once who was rendered deaf by catarrh, Graybeard sured her sound and well.

It Gures Eczema. If you are addicted with eczema or itch take Graybeard Take nothing else. Nothing else is necessary. Graybeard is able to drive this filthy disease from your blood. It will do it speedilly. It will do it quicker than anything else, and its work will be permanent.

Price, \$1.00 per bottle; 6 for \$5.00. Ask your druggist for our Graybeard. If he hasn't it send us \$4.50 by registered mail and we will send you six bottles.

CHRONOLOGICAL ERAS, CYCLES, ETC.

The year 1902 comprises the latter part of the 126th and the beginning of the 127th year of American Independence, and corresponds to the year 6615 of the Julian Period: the year 5662-5663 of the Jewish Era (the Jewish New Year 5663 begins at sunset on October 1, 1902); the year 2655 since the foundation of Rome, according to Varro; the year 2562 of the Japanese Era, and the 35th year of the period entitled "Meiji." The year 1020 of the Mohammedan Era, or the Era of the Hegira, begins on the 10th day of April, 1902. The first day of January, 1902, is the 2,415,751st day since the commencement of the Julian Period.

MORNING AND EVENING STARS FOR 1902.

The Planet Venus is Evening Star until February 14th; then Morn-ing Star until November 28th, after which date she is Evening Star to the end of the year.

The Planet Mars will be Evening Star until March 29th, then Morning Star the rest of the year.

The Planet Jupiter is Evening Star until January 15th; then Morning Star until August 5th; then Evening Star the balance of the year.

The Planet Saturn begins as Evening Star and continues as such until January 9th; then Morning Star until July 17th, and then Evening Star to the end of the year.

ECLIPSES FOR 1902.

In the year 1902 there will be five eclipses, three of the Sun and two of the Moon.

I. A partial eclipse of the Sun April Sth; invisible here.

II. A total eclipse of the Moon April 22d; not visible here, but the beginning visible throughout Asia and eastern portions of Africa and Europe; the ending visible throughout Asia, Europe and Africa.

III. A partial eclipse of the Sun May 7th; invisible here; visible to New Zealand and South Pacific Ocean.

IV A total eclipse of the Moon October 16th and 17th; visible here as follows;

EASTERN STANDARD TIME,

Moon enters shadow 16d. 11h. 17m. P. M.; middle of eclipse 17d. 1h. 3m. A. M.; total eclipse begins 17d. 0h. 19m. A. M.; total eclipse ends 17d. 1h. 48m. A. M.; Moon leaves shadow 17d. 2h. 50m. A. M. For Central time, deduct one hour.

V. A partial eclipse of the Sun October 30th; invisible here; visible to the greater part of Europe and nearly all of Asia.

"PITTS' CARMINATIVE

Saved My Baby's Life."

JOHNSTON STATION, GA., September 16, 1898.

LAMAR & RANKIN DRUG CO., Atlanta, Georgia.

GENTLEMEN: —I cannot recommend your Pitts' Carminative too strongly, as I owe my baby's life to it. She had Cholera Infantum when five months old and I could get no relief until I began using Pitts' Carminative. The fever left when I had given her but two bottles and she had fattened so she did not look like the same child. I advise all mothers who have sickly or delicate children to give this remedy a trial.

Respectfully, MRS. LIZZY MURRAY.

It Saved Her Baby— Will Save Yours.

Dr. Salter's Eye Lotion

For Sore and Inflamed

Eyes has no equal.

It will cure any case of Sore Eyes in a very short time, 24 to 48 hours. It does not pain the eyes when applied, therefore it is the best EYE LOTION made for children. Granulated lids, weakness of the eyes, redness of the eyes it has no equal. Ask for

SALTER'S EYE LOTION,

and accept no other, for there are none "just as good." All dealers sell it.

25 cents per bottle.

Manufactured at the Reform Dispensary, 68 S. Broad St., Atlanta, Ga.

Everybody Praises Tichenor's Antiseptic.

Senoia, Ga.. July 19, 1898.—This is to tell the public that I have successfully used Dr. Tichenor's Antiseptic in the treatment of lacerated wounds and to say that I do not want anything better as an antiseptic in surgery. I sell a great deal of it and find that it gives perfect satisfaction and when well known will sell itself.—Jas. T. Edwards, M. D.

thing better as an artiseptic in surgery. I sen a great deal of it and find that it gives perfect satisfaction and when well known will sell itself.—JAS. T. EDWARDS, M. D. Milner. Ga., Sept. 15, '99.—I cordially recommend Dr. Tichenor's Antiseptic, having used it in my family for stomach and bowel troubles and also for external injuries.—Robt. T. Marting Charter M. C. Charles.

TYN. Pastor M. E. Church.

Powder Springs, Ga., Dec. 14, 1897.—Having used Dr. Tichenor's Antiseptic in a case of gastro-interitis with better results than from anything I have ever tried, I can conscientiously recommend it to the profession and the public.—W. M. KEMP, M. D.

Social Circle, Ga., May 7, 1897.—The best medicine I ever used for colio in man or beast is Dr. Tichenor's Antiseptic. Have used it for wounds, burns and various cases of inflammation with most gratifying results. Have just cured a case of thunderwood poison with it it is a clean, pleasant liquid, and a very valuable household medicine.—Joe W. Hollis.

Resaca, Ga., Nov. 20, 1899.—I used Dr. Tichenor's Antiseptic on a child that had fallen into the fire and its head severely burned. It relieved the pain and the burn healed rapidly without any ulceration.—J. E. PRITCHARD, M.D.

Covington, Ga., March 23, 1898.—I saw a horse cured of a severe case of colio with Dr. Tichenor's Antiseptic within 30 minutes.—G. S. SMITH.

For sale by Druggists and Dealers at 50c.

Cod Liver Oil

IS ALWAYS SURE

but it is unusually nasty; we correct that; we remove the bad taste and leave the assurance in strong nerves, rich blood, a good appetite, fat flesh and good health.

ASK FOR

WAMPOLE'S

TASTELESS PREPARATION OF COD LIVER OIL for Coughs, Colds, Consumption and all wasting diseases.

WAMPOLE'S

MILK FOOD

Babies Like It.

When the Mother's Milk gives out it makes the only Substitute. There is no Colic in it. Just Malted Barley, Beef, Wheat and Milk.

MADE IN A MINUTE WITH WARM OR COLD WATER

PHYSICIANS' SPECIALTIES OR FOR HOME USE.

Ereuthaima.

A Peerless Tonic — Alterative, Non-Irritant. Can be given where Iodide Potash and Cod Liver Oil can not be tolerated. In use by leading Augusta Physicians.

COMPONENT PARTS: 1 Pint Elixir contains 32 grs. Calc. Iod., Calc. Brom. 1 Pint Elixir contains 300 grs. Soda Hypophos., Pot. Hypophos., Mang. Ti Hypophos., Strych. Hypophos.

phos., Iron Hypophos.

ALTERATIVE PARTS: Soda Iod.; F. E. Hydras.; E. E. Sarsa.; F. E. Stillin. For all low anaemic conditions of the blood, nothing is equal to this preparation. Absolutely nothing equals it after Grippe.

\$1 00 BOTTLE,

Augusta Drug Co., Augusta, Ga.

Land's Blood Syrup.

We believe this to be the very strongest Blood Medicine on the market to day. In Chronic Rheumatism, Scrofula, Secondary Syphilis and Catarrh, Doctors will get better results than from anything else. We have a little book for you of Medical Testimonials of it.

QUANTATIVE FORMULA: Stillingia, Fringe Tree, Poke-Root, Burdock, Prickly Ash and Blue Flag. Each dose, besides above, contains 10 grs. Iodide, Potassium and Sodium.

BOTTLE \$1.00

Augusta Drug Co., Augusta, Ga.

Land's Syrup Hypophosphites Compound.

Used for years by Augusta Hospitals; used and commended by such Augusta Physicians as W. H. Doughty Jr., M. D.; J. M. Hull, M. D.; Geo. A. Wilcox, M. D.; J. B. Morgan, M. D.; E. C. Goodrich, M. D., and many others. This preparation has in one drain the same amount of Hypophosphites as one full ounce of any other Syrup Hypophosphites on the market.

FORMULA: 1 Fluid dram contains 2 grains Hypo. Calcium; 1 gr. Hypo. Sodium; 1 gr. Hypo. Potassium; 4 gr. Hypo. Iron; 4 gr. Hypo. Manganese; 4 gr. Hypo. Quinine; 1/2 minim Fl.

Ex. Nox. Vom.

BOTTLE \$1.00.

Augusta Drug Co., Augusta, Ga.

Willet's Wine of Cod Liver Oil.

Contains the active principles to be found in one quarter of its volume of pure Cod Liver Oil, with all fatty matters removed. Does not disturb digestion. Can be used where Cod Liver Oil is rejected. An original formula, wholly unlike that which is in general use. Can be compounded with Carbolic Acid, Creosote, Syrup Hypophosphites, Pepsin, Ess. Pancreas.

\$1.00 BOTTLE.

THE "ZIP" SPRAY PUMP.

Self-Operating or Automatic Sprayer.

THE CLIMAX OF ALL SPRAYERS; combines every conceivable point of excellence, including economy, durability, low price and ease in carrying and operating.

THE WORD "ZIP" IS OUR TRADE MARK, and is used to designate our Automatic Machines, which are the only automatic compressed air machines built on mechanical and scientific lines by skilled labor.

THEY ARE FULLY PROTECTED BY PATENTS and are made in our own Factory, equipped with the latest machinery, and under our own supervision.

WHAT THE "ZIP" WILL DO. A few strokes in air chamber will compress enough air to discharge the entire contents and make a continuous spray for nine minutes. This means that the "Zip" can be charged in fifteen seconds when it will work uninterruptedly long enough to spray a quarter acre of potatoes.

"ZIP" SPRAYER, Galvanized Steel Tank	4.50
"ZIP" SPRAYER, Brass Tank	6.00
Extension Pipes, two feet lengths, Galvanized	.30

In Use For Over 30 Years.

THE CENTAUR COMPANY, TO MURRAY STREET, NEW YORK CITY.

The Quakers Are Honest People

The Quaker Herb Tonic is not only a block purifier, but a Blood maker for Pale, Weak and Debilitated people who have not strength nor blood. It acts as a tonic, it regulates digestion, cures dyspepsia and lends strength and tone to the nervous sys-

tem. It is a medicine for weak women. It is a purely vegetable medicine, and can be taken by the most delicate. Kidney disease, Rheumatism and all diseases of the Blood, Stomach and Merves soon succumb to its wonderful effect on the human system. Thousands of people in Georgia recommend it. Price \$1.00.

QUAKER PAIN BALM is the medicine that the Quaker Doctor made all of his quick cures with. It's a new and wonderful medicine for Neuralgia, Toothache, Backache, Rheumatism, Sprains, Pain in Bowels; in fact, all pain can be relieved by it. Price 25c and 50c.

QUAKER WHITE WONDER SOAP, a medicated soap for the skin, scalp and complexion, Price 10c a cake

QUAKER HEALING SALVE, a vegetable continent for the cure of tetter, eczema and eruptions of the sain. Price 10c a box.

FOR SALE BY ALL DRUGGISTS.

Augusta Drug Co.

TAKE YOUR CHOICE.

Just take your choice. An attack of Fever, with Quinine as the treatment, means a week

or ten days lost from Business.

or ten days lost from Business.

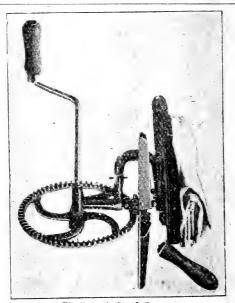

It means ten days of unhappiness for you and ten days of hard work and anxiety for those who love you. If you are a rich man, your time is worth much to your estate. If you are a poor man, your time is worth much more to your family. The rich man might better afford to suffer a loss of \$100.00 a day, as a result from enforced absence from business than the poor man can lose the value of ness, than the poor man can lose the value of his labor. Johnson's Tonic has two cardinal points that should immediately commend it to

every thinking man in this country.

First of all, it is harmless. Absolutely harmless. Harmless under all circumstances.

Second, it is quick; it acts at once. In 30 minutes after its administration, it enters the blood and begins to undo the mischief caused by Malaria. It is the one great medicine that oy Maiaria. It is the one great medicine that never disappoints. Now, take your choice. Lie in bed for days, or maybe weeks, and poison your digestion with Quinine, and arise finally with all the life and vim taken out of you, or use Johnson's Tonic and be restored at once to perfect health. No loss of vital force. No loss of flesh. No waste of precious time. Take your choice.

A. B. GIRARDEAU, Savannah, Ga.

Christen's Seed Sower. Broadcasts evenly Rye, Wheat, Oats, &c.

COMPLETE, \$1.00.

N. L. Willet Drug Co. Augusta, Ga. All who suffer from a backing cough or any trouble with the throat and lungs will find relief by using

BROWN'S BRONCHIAL TROCHES

A safe and simple remedy, long held in the highest esteem by clergymen, singers and public speakers generally.

Of great service in relieving hoarseness, dry-

ness of throat and difficult breathing.

Sold only in boxes. Avoid imitations.

ARE YOUR KIDNEYS SOUND?

LISTEN TO THE TESTIMONY OF ONE WITH

I suffered for several years with a stomach trouble. For a long time I could not ascertain what the true nature of my malady was. One doctor would pronounce it "catarrh of the bladder," another "Bright's disease" and still another "indigestion." I was persuaded to buy a bottle of Stuart's Gin and Buchu. The effect, was seen in a few days. My appetite returned; I began to take on flesh and after the third bottle the pains disappeared and I have not felt them since. It beats the doctors—JNC E. SIMS, Knoxville, Tenn.

STUART GIN AND BUCHU CO.,

ATLANTA, GA

Anti-Shake Chill and Fever Cure

GUARANTEED TO CURE.

We have never known one case of Chills and Fever which this Remedy failed to cure. Have known cases where other remedies failed to cure. No matter how obstinate and long standing is the case.

MALARIA ANTI-SHAKE CURES. MALARIA

In all of our Southern malarial districts, a tablespoonful taken occasionally at night will ward off Malaria, and prove, too, a valuable Tonic for the system. Take also for Break-Bone Fever and LaGrippe. If

Anti-Shake Chill and Fever Cure

Fails to cure you of Chills and Fever, the merchant from whom you bought it is authorized to pay you back Fifty Cents. You run no risk in buying Anti-Shake. No cure, no pay. 50c bottle.

AUGUSTA DRUG CO., Augusta, Ga.

Curative Teething Powders.

A scientific formula combining the best allopathic and homeopathic agent. No morphine or injurious opiate in this.

At teething time the baby needs a theething powder to regulate bowels and digestion. It is absolutely necessary.

None so harmless and good as Curative. 25c post paid.

AUGUSTA DRUG CO., Augusta, Ga.

TAYLOR CHEROKEE REMEDY

-:OF:--

Sweet Gum and Mullein

CURES

COUGHS, COLDS,

WHOOPING COUGH,

INFLUENZA,

LaGRIPPE and

CONSUMPTION.

CURES CONSUMPTION.

CHARLES HARRIS, Little Rock, Ark.: "I have been using your Sweet Gum and Mullein for about six months and it cured me of consamption."

W. W. DRAPEE. a prominent wholesale shoe merchant of Atlanta: "I take special pleasure in commending your preparation, Sweet Gum and Mullein, as one of the best I ever used in cases of colds, coughs, bronchial and lung troubles. I have used it for years in my family and have always derived immediate benefit from it. It is one of the best medicines on the market for what you recommend it."

BORACINE.

Exquisitely Perfumed

THE BABY'S POWDER FOR PRICKLY HEAT.

WARNING. Never use TALCUM POWDER of any kind. It is simply a ground stone; injures by filling up the skin's pores. It is never absorbed by the system.—Not Medical.

THE BABY!

Every baby that comes into the world must be washed and powdered several times a day. Boracine was made for babies. It cures redness and irritation. It cures the baby's Prickly Heat. It keeps down bumps and pimples, makes baby's skin white and smooth like velvet. It makes baby as sweet as carnations or white roses.

YOUR BABY NEEDS BORACINE.

NOT A PERFECT BABY OR HAPPY HOME WITHOUT IT.

PRICKLY Big grown-ups, youths, little tots—all have prickly heat. Search the world and you would not find so perfect a remedy as is Boracine. Exquisitely soothing and helpful. Use it freely. Harmless.

A DEAD LOSS

That's a Horse or Mule who dies of Colic. Dead loss \$125. Can you afford it? If not, we say honestly you will never lose an animal in your life by Horse Colic if you but use...

HOLLEYMAN'S COMPOUND ELIXIR

50 CENTS here or laid down at your nearest Southern Express Company's Office, free of express to you.

... For Horse Colic...

It will cure any Case of Horse Colic under the Sun.

Don't wait until Your Horse Dies before you buy a bottle.

CAPT. JAS. M. SMITH, of Smithsonia, the largest farmer in Georgia, writes us: "I consider Holleyman's Elixir a splendid medicine for Horses and Mules—the best I have ever tried. Every owner of a horse or mule might save money by constantly keeping on hand this Elixir."

DR. B. B. KITCHEN, Mitchell, Ga. says: "I have used Holleyman's Elixir in Horse Colic. I recommend it as a Specific.

S. S. SANDERS & Co., Egypt, Ga. say: "Have sold it and used it, it is all it's claimed to be. It's effect is magical."

"W. H. JONES, Stellaville, Ga., says: "I have been using Holle man's Elixir one year, and saved several horses' lives. It never fails in Horse Colic."

Capt. R. H. WALKER, Appleton, S. C., says: "Worth it's Weight in Gold to every farmer. I saved three horses' lives on my plantation in sixty days."

O. B. Brown, Stellaville, Ga., says: "Cured a nice mare that was dying with Colic. The best thing of the kind I ever saw."

S. A. GRAY & Co., Waynesboro, Ga., say: "Have used Holleyman's Elixir for eight or nine years. As a preparation for Colic in Horses and Mules we believe it to be unequalled."

R. H. Wood, Veterinary Surgeon, Johnston, S. C., says: "I used it in several severe cases. One animal had been given up to die; a part of a bottle saved the animal's life. No horse owner should be without it."

J. F. A. TUFTS, Drummer, says: "In one of my drumming trips of thirty days, I cured three dangerous cases of Colic in Horses from my small sample vial holding only one ounce."

W. H. McNorril, M. D., Waynesboro, Ga., says: "Holleyman's Elixir is extensively used in this county. For many years I have found it to be an infallible remedy."

W. H. F. RAST & BRO., Swansea, S. C., say: "Holleyman's Compound Elizir is the best medicine of its kind and has given better satisfaction than anything we have ever sold.

We have crowds of testimony from Doctors, Veterinary Surgeons, Morchants and Farmers.

Bad Colds

Chamberlain's Cough Remedy

It acts on nature's plan, loosens the cough, relieves the lungs and opens the secretions, effecting a permanent cure.

It counteracts any tendency of a cold to result in pneumonia.

It is pleasant to take, both adults and children like it.

ONCE USED, ALWAYS WANTED.

THOUSANDS RECOMMEND

John R. Dickey's Old Reliable Eye Water

Why? Because it Cures Sore Eyes or Granulated Lids. It strengthens Weak Eyes. Don't burn or hurt. Children like to have it applied because it feels good. Look out for imitations. The genuine is always enclosed in a Red Folding Box.
